

Open the door to dry dishes

Advanced AirDry technology maximises drying performance using natural airflow. The door automatically opens 10cm in the final stage of the cycle, drying dishes naturally and effectively. AirDry performs three times better than closed-door systems.

Product Benefits & Features

Open-door drying with AirDry

AirDry technology delivers up to three times better drying performance when compared to closed-door systems. The door automatically opens at the end of the drying phase and air is circulated inside the machine. Dishes emerge perfectly dry. Every time.

Water reaches every corner. With the Dual Spray Arms

Ensure maximum water coverage with two spray arms. The rotating sprinklers send water jets into every corner of both the lower and upper basket, for dishwashing results you can rely on.

QuickLift basket adjusts its height so you can get dishes easily

Indulge in the efficient amenities provided by the QuickLift basket. Regardless if you have a full load with bulky items, you can effortlessly adjust the height so you can easily load or remove dishes.

Fast and efficient performance

This dishwasher gives you perfect performance - fast, thanks to its special half-hour program.

Efficiently clean. In every cycle

The special sensor in our AutoSense program detects how much cleaning your dishes need. Using just the right amount of water, energy and time needed to do the job properly. Meaning dishes are cleaned in the most eco-friendly way possible.
